RIGID CLICK

ADVENTURE AWAITS

Experience a premier luxury vinyl floor with the captivating wood tones available in Adventuro™. Unmatched in design and technology, this ultra durable, rigid core plank leads to a superior floor that clicks together with ease and speed.

Cascading in design, these wood looks provide high-graphic variation and texture alongside enhanced performance and quick Uniclic® locking installation. Excellent thermal insulation and superior sound attenuation are just a few of the perks of this high-performing product.

BRILLIANT DESIGN

- 6" x 48" wood look planks
- 12 adventurous colors
- Textured surface for realistic look and feel
- HD design with medium and high-variation
- Multi-layer SPC rigid core with Uniclic® Locking System
- Built-in solid IXPE underlayment pad that resists mold and mildew
- 4.5 mm Thickness

TOP-RANK DURABILITY

- SuperGuard™ Technology 12 Mil wear layer for heavy foot traffic
- 100% Waterproof
- 100% Virgin Vinyl
- 7 Year light commercial warranty
- 30 Year residential warranty

PERFORMANCE ACCESSORIES

ADVENTURO™ RIGID CLICK TRANSITIONS

Three trims and moldings that are designed to coordinate with each of our existing colors within the collection.

- **VSNP** Overlap Stair Nose (2" x 79")
- **VSCAP** Flush-Mount Vinyl Stair Cap (2-3/4" x 44")
- **V4IN1** Four Unique Trims and moldings in one single SKU (2" x 79")
(T-Molding, Hard Surface Reducer, Carpet Transition, End Molding)

Overlap Stair Nose

Creates a transition to the edge of the step by overlapping the flooring on the back end instead of being flush.

Vinyl Stair Cap

Creates a smooth and flush finish on the edges of steps by using the same vinyl flooring plank to ensure a corresponding color and texture.

4-in-1 Transition

Performance Accessories' exclusive 4-in-1 transition allows you to utilize a single transition for four different applications.

EACH OF THE BELOW ARE ACHIEVED VIA THE V4IN1 TRANSITION (SHOWN ABOVE)

T-Molding

Used to transition between flooring of equal heights and in doorways.

Hard Surface Reducer

Connects two floors of different heights.

End Molding

Created a smooth and flush finish on the edges of steps where the flooring meets the transition.

Carpet Transition

Provides a smooth transition between your hard surface floor and carpet.
