• NATURAL, CONTEMPORARY APPEAL

- Soft, fine-grain natural sandstone look provides a uniform appearance that supports contemporary designs
- Six modern hues with a range of cool and warm colors are available in two finishes for added design options

• ADDED DIMENSIONS

- Four sizes available including 12x12, 12x24, 24x24 and 24x48 large-format tile

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: daltille.com/Factors.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to daltille.com/LargeTiles for more information.

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.
